**Quick Take-Aways:** I continue to see auto burglaries occurring at **our Foothills area trail head parking lots**. Please pare down what you are bringing with you and leaving in your vehicle while you use the trails. Try to carry only what you will need for your open space experience or errand at hand and carry those items with you in a back pack, tote, fanny pack or in your pockets. The vehicles parked at trail head parking areas are targeted for auto burglary because the offenders know the driver will be away and out of eyesight for quite a while, there are no 'eyes on the block' at these types of locations (Neighborhood Watches, people who are 'stakeholders', etc.).
